Pumping Technology

MAGNETA

SMEDEGARD

World Leading
Circulator of the Future

Magneta is ready for future energy requirements
 With Magneta you achieve energy savings with energy consumption far below EU requirements. The pump range covers many dimensions and capabilities for use in both existing and new applications. Fast and accurate capacity adjustments in response to changing operating conditions provides increased energy savings. No additional modules are required. All signal inputs such as 0-10 volt signal, start-stop signal and alarm are standard. The permanent magnet motor ensures long life and quiet operation under all conditions.

Magneta 40-90 / 50-90

Magneta 40-100

Magneta 40-120

- ▶ Magneta with Smedegaards advanced program software optimises the various operating modes, including the enhanced ECO Mode for extremely high energy saving and silent operation.
- ▶ External communication is standard - Modbus, twin pump function, 0-10 Volt control ring, external start / stop operation and alarm signal.
- ▶ Settings are made easy with the push button and rotational dial. Magneta has an integrated display so you can read the flow and the instantaneous energy consumption.
- ▶ Automatic startup after installation.
- ▶ Magneta working temperature range of + 110 ° C down to -10 ° C.

Replacement List

All Magneta / SimFlex pumps I x 230V

Pump to be Replaced	Length mm	ErP Compliant	Length mm	Retro Fit Spacers
Miniwatt 2-50	180	SimFlex 25-40	180	
EV 2-65-2C/EV 2-65-2V	180	SimFlex 25-40	180	
EV 2-70C/EV 2-70V	180	SimFlex 25-60	180	
EV 2-72-2C/EV 2-72-2V	180	Magneta 25-60	180	
Vario 25C/Vario 25V	180	SimFlex 25-40	180	
Vario 75C/Vario 75V	180	SimFlex 25-60	180	
Vario 25C/Vario 25V	180	Magneta 25-40	180	
Vario 75C/Vario 75V	180	Magneta 25-60	180	
Vario 25Z/Vario 75Z	180	SimFlex 25-40 n	180	
EV 3-72-2C/EV 3-72-2V	180	Magneta 30-60	180	
EV 3-100-2C/EV 3-100-2V	180	Magneta 30-100	180	
EV 4-60-2C/EV 4-60-2V	250	Magneta 40-60	220	40/30 Flange pump spacer pack
EV 4-75-2C/EV 4-75-2V	250	Magneta 40-60	220	40/30 Flange pump spacer pack
EV 4-95-2C/EV 4-95-2V	250	Magneta 40-120	250	
EV 4-125-4	250	Magneta 40-60	220	40/30 Flange pump spacer pack
EV 5-100-4C/EV 5-100-4V	300	Magneta 50-60	240	50/60 Flange pump spacer pack
EV 5-125-4C/EV 5-125-4V	280	Magneta 50-60	240	50/40 Flange pump spacer pack
EV 5-88-2C/EV 5-88-2V	280	Magneta 50-100	280	
EV 5-95-2C/EV 5-95-2V	280	Magneta 50-120	280	
EV 5-160-4C/EV 5-160-4V	340	Magneta 50-150	280	50/60 Flange pump spacer pack
EV 6-92	280	Magneta 50-80	280	Flange size change
EV 6-125-4C/EV 6-125-4V	340	Magneta 65-60	340	
EV 6-95-2C/EV 6-95-2V	340	Magneta 65-120	340
